

# DISCOVERING the SCIENCE of ALCOHOL

## What's New?

The DSA program continues to offer program enhancements to enrich your classroom's experience in Discovering the Science of Alcohol.

## New Components:

**DSA Poster Series** The full-color series of 22" x 34" classroom wall posters provide vivid imagery of human systems to complement your students' learnings. In addition to visually reinforcing the DSA explorations, the posters can be used across the biology curriculum.

## Includes:

- \* Digestive System
- \* Parts of the Neuron
- \* Parasympathetic and Sympathetic Systems
- \* Alcohol Metabolism
- \* Simple Reflex
- \* Brain Regions and Functions
